

INSTALL DRAWING

three in one sketch

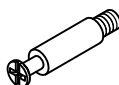

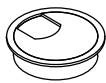

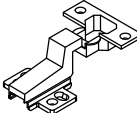

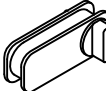

The drawing illustrates the installation of a door hinge and the assembly of a drawer. The top section, labeled 'three in one sketch', shows three steps for the door hinge: 1. Attaching the hinge to the door. 2. Attaching the hinge to the frame. 3. The final assembled state. The bottom section, labeled 'Drawer Assembling', shows a sequence of steps: 1. Attaching the drawer runner to the drawer box. 2. Attaching the drawer runner to the cabinet frame. 3. The final assembled state. The drawer assembly steps are labeled S1 through S10, with S1 being the bottom panel fixed and S10 being the drawer runner fixed at the same level the bottom.

Installation tool

The image shows two tools used for installation: a power drill and a screwdriver.

Installs the hardware

The logo for Pakketo, featuring a stylized diamond shape composed of four smaller diamonds, followed by the word 'pakketo' in a lowercase, sans-serif font.
